

Ford Tamworth

December 2018

I really enjoyed
beeping the horns
and waking
everyone in Elford
up.

JC

During the Autumn term, Year 5 and 6 wrote persuasive car brochures as part of their English topic. The children really wanted to send them to local garages, so just before half term we posted off our brochures. After half term, Ford Tamworth rang the Howard to say how impressed they were with our writing and how informative and persuasive it was. As a special thank you they wanted to invite us to their show room, they brought several new cars to school and let the children get behind the wheel and even honk the horn! The children were so pleased to see their writing had a real purpose and we would like to thank Ford Tamworth for coming out to see us!

I feel proud that my work
was read by the Ford
team.
